SPRING FUSION 2019

AP AND SAT SUBJECT TEST CLASSES

The AP exams and SAT Subject Tests cover much of the same material, which is why we recommend students take the SAT Subject Test the same year as the corresponding AP class. Hamilton's Fusion classes "fuse" together preparation for AP exams in May and SAT Subject Tests in June.

Students will review core skills and concepts with a special focus on the AP content leading up the exams in May. Then, students will take weekly practice tests and have focused review specific to the one-hour, multiple-choice SAT Subject Tests.
