

BRAINIACS

READING ENRICHMENT CLASS

MONTHLY COURSE: JAN - MAY 2019

Building foundational reading skills at an early age is key. It can assist students in not only getting a head start in their understanding of the literary world, but also in preparing them to excel in various subjects as they advance on to higher grades. In this monthly course, students will learn to expand their **vocabulary**, improve their **grammar**, and hone their **writing** skills, all the while developing their analytical **reading** skills through the exploration of various texts. Students will dive into challenging but engaging novels, and will be encouraged to actively participate in their discussions in a small-group classroom setting.
